

## Polysciences is live with SAP Business One/BatchMaster<sup>®</sup> ERP

**Warrington PA  
April 2, 2018**

Polysciences has completed the implementation and validation of SAP Business One with BatchMaster<sup>®</sup> ERP. The system is now fully live in Polysciences' Warrington, PA campus.

SAP Business One with BatchMaster<sup>®</sup> ERP is a powerful, fully integrated ERP system for process manufacturing companies. The package creates data transparency across the supply chain, increasing both efficiency and the ability to react quickly and flexibly to customer requests. Independent verification and validation conducted by OnShore Technology Group ensures that the system is compliant with FDA regulations governing electronic records (21 CFR Part 11), and is well-suited for GMP manufacturing.
