

## Polysciences' Warrington site certified as a ChemStewards® Excellence Tier III Facility

**Warrington, PA. July 26<sup>th</sup>, 2017** – Polysciences' Warrington site has been certified as a ChemStewards® Excellence Tier III facility by SOCMA, the Society of Chemical Manufacturers & Affiliates. This certification acknowledges that Polysciences exceeds environmental, health, safety, and security (EHS&S) management standards and is committed to continuous improvement.

**EXCELLENCE TIER III FACILITY**

“We are excited about achieving this certification,” commented Andrew Ott, Co-owner and Vice President of Shared Resources. “Polysciences has recently completed several EHS&S projects that boost effectiveness and efficiency, and we’re looking for additional opportunities to improve. This is certainly a feather in our cap. SOCMA has been a great resource for many years, and we look forward to our continued relationship.”

ChemStewards® is an EHS&S management program designed to help companies optimize their performance. The program was established in 2005 to meet the unique needs of the specialty chemical industry. ChemStewards® helps participants reach superior EHS&S performance by providing manuals, online education, peer-to-peer consultations, and more.
