Polysciences, Inc. announces the acquisition of Astral Diagnostics

Warrington, PA, March 12th, 2015 - Polysciences, Inc. is happy to announce the acquisition of Astral Diagnostics, a manufacturer of biological stains and reagents used in medical office settings. Astral, founded in 1999, is located in West Deptford, NJ.

Together, Polysciences and Astral Diagnostics will offer customers high quality comprehensive solutions for Hematology, Microbiology, Histology and Cytology applications.

Polysciences, Inc., located in Warrington, PA, is a leader in the design and manufacture of highly customized chemical products which are used in many scientific applications. Founded in 1961, the Company now offers over 3,000 products supporting the Life Science, Medical Device, Monomer and Polymer, Histology, Microscopy, Microspheres and Nanoparticles (and many more) marketplaces.

Polysciences also provides a wide range of services as a contract manufacturer.

“Chemistry beyond the ordinary” is what we do. Please contact us and let us help you solve your problem.

About Astral Diagnostics

Offering over 200 unique products, Astral Diagnostics welcomes new opportunities to manufacture items for the physician and veterinary office marketplace. Please call Astral Diagnostics at 856-224-0900
