

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Issue date: 07/12/2023 Supersedes: 11/02/2006

SECTION 1: Identification	
1.1. Identification	
Product form	: Substance
Trade name	: N-methyl-N-vinyl acetamide
CAS-No.	: 3195-78-6
Product code	: 22065
Formula	: C5H9NO
1.2. Recommended use and restrictions of	n use
Recommended use	: Use as laboratory reagent, Manufacture of substances
1.3. Supplier	
Supplier Polysciences 400 Valley Road Warrington, PA 18976 - United States T +1 215 343 6484 - F +1 215 343 0214 info@polysciences.com - www.polysciences.com	1
1.4. Emergency telephone number	
Emergency number	: 24-hour emergency phone number ChemTel 1-800-255-3924
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance or mix	
	ture
GHS US classification	O such as the large of the
Flammable liquids Category 4 Acute toxicity (dermal) Category 4	Combustible liquid Harmful in contact with skin
Acute toxicity (inhalation) Category 4	Harmful if inhaled
Skin corrosion/irritation Category 2	Causes skin irritation
Serious eye damage/eye irritation Category 2B	Causes eye irritation
2.2. GHS Label elements, including precau	utionary statements
GHS US labeling	
Hazard pictograms (GHS US)	
Signal word (GHS US)	: Warning
Hazard statements (GHS US)	: Combustible liquid
	Harmful in contact with skin or if inhaled Causes skin irritation
	Causes skill initiation
Precautionary statements (GHS US)	: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No
	smoking
	Avoid breathing dust/fume/gas/mist/vapors/spray. Wash hands, forearms and face thoroughly after handling.
	Use only outdoors or in a well-ventilated area.
	Wear protective gloves/protective clothing/eye protection/face protection.
	If on skin: Wash with plenty of water.
2.3. Other hazards which do not result in o	location
2.3. Other hazards which do not result in on No additional information available	IdSSITCATION
2.4. Unknown acute toxicity (GHS US) Not applicable	
SECTION 3: Composition/Information	on ingredients
3.1. Substances	

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Name	Product identifier	%	GHS US classification
N-methyl-N-vinyl acetamide (Main constituent)	(CAS-No.) 3195-78-6	≤ 100	Flam. Liq. 4, H227 Acute Tox. 4 (Dermal), H312 Acute Tox. 4 (Inhalation), H332 Skin Irrit. 2, H315 Eye Irrit. 2B, H320

Full text of hazard classes and H-statements : see section 16

3.2. mixtures Via toplicable SECTION 4: First-aid measures First-aid measures general : Call a physician immediately. First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. Call a poison center/doct/physician' fyou feed urwell. First-aid measures after skin contact : Wash skin with plenty of water. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. First-aid measures after eye contact : Ninse cautiously with water for several minutes. Remove contact lenses. If present and easy to do. Continue rinking. If eye irritation persists: Get medical advice/attention. Symptoms/effects after skin contact : Irritation. Symptoms/effects after skin contact : Mild eye irritation. Suitable (and unsuitable) extinguishing media : Water spray. Dry owder. Foam. Carbon dioxide. Sci. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of : Toxic fumes may be released.	2.0 Mixturee	
SECTION 4: First-aid measures First-aid measures general : Call a physician immediately. First-aid measures general : Call a physician immediately. First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctry/physician f/you feel unvell. First-aid measures after skin contact : Wash skin with plenty of water. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. First-aid measures after eye contact : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue trinsing. If eye irritation persists. Get medical advice/attention. First-aid measures after ingestion : Rinse moth. Call a physician immediately. Symptoms/effects after eye contact : Mid eye irritation. Symptoms/effects after eye contact : Mid eye irritation. Symptoms/effects after eye contact : Mid eye irritation. Symptoms/effects after exe contact : Mid eye irritation. Symptoms/effects after exe contact : Water spray. Dry powder. Foam. Carbon dioxide. 51. Suitable (and unsuitable) extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 52. Specific hazards arising from the chemical : Combustble liquid. Fire hazard : Conbustble liquid. : Provecuti	3.2. Mixtures	
4.1. Description of first ald measures First-ald measures general : Call a physician immediately. First-ald measures after inhalation :: Remove person to fresh air and keep comfortable for breathing. Call a poison contraductor/physician if you feel unwell. First-aid measures after skin contact :: Wash skin with penty of water. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. First-aid measures after eye contact :: Rinse cautiously with water for several minutes. Remove contact lenses. If present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. First-aid measures after eye contact :: Rinse mouth. Call a physician immediately. 42. Most Important symptoms and effects (acure and delayed) Symptoms/effects after skin contact :: Irritation. Symptoms/effects after eye contact :: Mild eye initation. 43. Immediate medical attention and special treatment, if necessary Treat symptomatically. Suttable (and unsuitable) oxtinguishing media Suttable (and unsuitable) oxtinguishing media : Water sary. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical : Conbustble liquid. Hazardous decomposition products in case of : Conbustble liquid. Hazardous decomposinton products in caseo : Do no		
First-aid measures general : Call a physician immediately. First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. Call a poison conteridoctortrybysican if you feel unwell. First-aid measures after skin contact : Wash skin with plenty of water. Take off contaminated clothing, if skin irritation occurs: Get medical advice/attention. First-aid measures after eye contact : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. First-aid measures after ingestion : Rinse mouth. Call a physician immediately. 4.2. Most important symptoms and effects (acute and delayed) Symptoms/effects after skin contact : Irritation. Symptoms/effects after skin contact : Irritation. Symptoms/effects after skin contact : Irritation. Symptoms/effects after skin contact : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical : Water spray. Dry powder. Foam. Carbon dioxide. 5.3. Specific pacards arising from the chemical : Combustible liquid. Hazardous decomposition products in case of : Toxic fumes may be released. fire : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective colthing.		
First-aid measures after inhaliation : Renove person to fresh air and keep comfortable for breathing. Call a poison control/doc/physician if you feel unvell. First-aid measures after skin contact : Wash skin with plenty of water. Take off contaminated clothing. If skin irritation occurs: Get activica/attention. First-aid measures after eye contact : Rinse calulosity with water for several minutes. Remove contact lenses, if present and easy to a doc Continue rinsing. If eye irritation persists: Get medical advice/attention. 4.2. Most important symptoms and effects (acute and delayed) Symptoms/effects after skin contact : Irritation. Symptoms/effects after skin contact : Irritation. : Water spresson to five conservection. 5.3. mendiata medical attention and special treatment. If necessary : Combustible (and unsultable) extinguishing media : Water spres. Dry powder. Foam. Carbon dioxide. 5.1. Sultable (and unsultable) extinguishing media : Combustible liquid. : Combustible liquid. Hazardou decomposition products in case of it combusts. Complete protective equipment. Self-contained breathing apparatus. Complete protective clothing. : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. Stepsile hazardou decomposition products in case of it needing and meangency procedures : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. Stepsi		• • • • • • • • • • • • • • • • • • •
First-aid measures after skin contact : Wash skin with plenty of water. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. First-aid measures after eye contact : Rinse cauliously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation presists: Get medical advice/attention. First-aid measures after ingestion : Rinse mouth. Call a physician immediately. 4.2. Most important symptoms and effects (acute and delayed) Symptoms/effects after skin contact : Irritation. Symptoms/effects after skin contact : Irritation. 4.3. Immediate medical attention and special treatment, if necessary Treat symptomatically. Secondo Secon	C C	
First-aid measures after eye contact : Rinse culously with water for several minutes. Remove contact lenses, if present and easy to do. Continue insing. If eye irritation persists: Get medical advice/attention. First-aid measures after ingestion : Rinse mouth. Call a physician immediately. 4.2. Most important symptoms and effects (acute and delayed) Symptoms/effects after skin contact : Irritation. Symptoms/effects after skin contact : Irritation. Text symptoms/effects after skin contact : Wild eye irritation. 4.3. Immediate medical attention and special treatment, if necessary Treats symptoms/effects after skin contact First-single medical : Water spray. Dry powder. Foam. Carbon dioxide. 5.1. Suitable (and unsuitable) extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical : Combustible liquid. Hazardous decomposition products in case of : Do not attempt to take action without suitable protective equipment. Self-contained breathing appartaus. Complete protective equipment. Self-contained breathing appartus. Complete protective equipment. Self-contained protective equipment and emergency procedures	First-aid measures after inhalation	
A. Continue rinsing. If eye initiation persists: Get medical advice/attention. First-aid measures after ingestion : Rinse mouth. Call a physician immediately. 42. Most important symptoms and effect: (acute and delayed) Symptoms/effects after skin contact : Initiation. Symptoms/effects after eye contact : Mild eye irritation. 43. Immediate medical attention and special treatment, if necessary Treat symptomatically. Section 3: Fire-fighting measures Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical Intersting from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of infor-fighters Into attempt to take action without suitable protective equipment. Self-contained breathing appratus. Complete protective clothing. SectriON 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Intersting dustfurme/gas/mist/vapors/spray. 6.1. For ono-emergency personnel Emergency procedures Only qualified personnel equipped with suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protective equipment. For further information refer to section 8: "Exposure controls/per	First-aid measures after skin contact	
4.2. Most important symptoms and effects (acute and delayed) Symptoms/effects after skin contact : Irritation. Symptoms/effects after skin contact : Mild eye irritation. 4.3. Immediate medical attention and special treatment, if necessary Treat symptomatically. SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of : Toxic furmes may be released. fire : Special protective equipment and precautions for fire-fighters Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For emergency personnel : Only qualified personnel equipped with suitable protective equipment. No open fames, no sparks, and no smcking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.2. Environmental precautions : Do not attempt to take action without suitable protective equipment. For further informatio	First-aid measures after eye contact	
Symptoms/effects after skin contact : Irritation. Symptoms/effects after eye contact : Mild eye irritation. 4.3. Immediate medical attention and special treatment, if necessary Treat symptomal/effects after eye contact : Mild eye irritation. 4.3. Immediate medical attention and special treatment, if necessary Treat symptomal/effects 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical : Combustible liquid. Fire hazard : Combustible liquid. Hazardous decomposition products in case of fire-fighters : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures : Only qualified personnel equipped with suitable protective equipment may intervene. No open fames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1. For one-mergency procedures : Only qualified personnel equipped with suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions <td>First-aid measures after ingestion</td> <td>: Rinse mouth. Call a physician immediately.</td>	First-aid measures after ingestion	: Rinse mouth. Call a physician immediately.
Symptoms/effects after eye contact : Mild eye irritation. 4.3. Immediate medical attention and special treatment, if necessary Treat symptomatically. Sectrion 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical : Combustible liquid. Fire hazard : Combustible liquid. Hazardous decomposition products in case of ire of the status composition products in case of ire of the status. Complete protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures 6.1. Personal proceutions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Do not attempt to take action without suitable protective equipment may intervene. No open refer to section 8: "Exposure controls/personal protection." 6.2. Environmental precautions : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection." 6.3. Methods and material for containment and cleaning up : Actie up liquid spill into absorbent material. Notify authorities if product enters severs or public waters. 6.3. Methods for cleaning up : Take up liquid spill into absorbent material. No	4.2. Most important symptoms and effect	ts (acute and delayed)
4.3. Immediate medical attention and special freatment, if necessary Treat symptomatically. SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of fire fighters Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Only qualified personnel equipped with suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up Avoid release to the environment. 6.3. Methods and material for containment and cleaning up Methods for cleaning up : Take up liquid spill into absorbent material. Notify authorities if product enters severs or	Symptoms/effects after skin contact	: Irritation.
Treat symptomatically. SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of : Toxic fumes may be released. : fire : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures : On to attempt to take action without suitable protective equipment may intervene. No open fames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.1. For non-emergency personnel : On to attempt to take action without suitable protective equipment may intervene. No open fames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.2. For emergency responders : On to attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protectior". 6.3.	Symptoms/effects after eye contact	: Mild eye irritation.
Treat symptomatically. SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of : Toxic fumes may be released. : fire : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures : On to attempt to take action without suitable protective equipment may intervene. No open fames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.1. For non-emergency personnel : On to attempt to take action without suitable protective equipment may intervene. No open fames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.2. For emergency responders : On to attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protectior". 6.3.	4.3. Immediate medical attention and spe	cial treatment, if necessary
SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of : Toxic fumes may be released. fire : 5.3. Special protective equipment and precautions for fire-fighters Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures 6.1. 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Only qualified personnel equipped with suitable protective equipment may intervene. No open flames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.2. For emergency responders Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions Avoid release to the environment. 6.3. 6.3.		
5.1. Suitable (and unsuitable) extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of fire : Toxic fumes may be released. 5.3. Special protective equipment and precautions for fire-fighters Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures 6.1. For onn-emergency procedures : Only qualified personnel equipped with suitable protective equipment. No open flames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.2. For emergency responders Protective equipment : Do not attempt to take action without suitable protective equipment. No open flames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.2. For emergency responders Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions Avoid release to the environment. : Take up liquid spill into absorbent material. Notify authorities if product enters sewers or public waters. <td></td> <td></td>		
Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 5.2. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of fire : Toxic furnes may be released. 5.3. Special protective equipment and precautions for fire-fighters Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SECTION 6: Accidental release measures 6.1. 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Only qualified personnel equipped with suitable protective equipment may intervene. No open filemes, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.2. For emergency responders Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions 6.3. Methods and material for containment and cleaning up Methods for cleaning up : Take up liquid spill into absorbent material. Notify authorities if product enters sewers or public waters. Other information </td <td></td> <td></td>		
5.2. Specific hazards arising from the chemical Fire hazard : Combustible liquid. Hazardous decomposition products in case of fire : Toxic fumes may be released. 5.3. Special protective equipment and precautions for fire-fighters Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. SEECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Only qualified personnel equipped with suitable protective equipment may intervene. No open flames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.2. For emergency responders : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.3. Methods and material for containment and cleaning up : Take up liquid split into absorbent material. Notify authorities if product enters sewers or public waters. Other information : Dispose of materials or solid residues at an authorized site. 6.4. Reference to other sections :	, , , , , , , , , , , , , , , , , , ,	•
Fire hazard : Combustible liquid. Hazardous decomposition products in case of fire : Toxic fumes may be released. 5.3. Special protective equipment and precautions for fire-fighters Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing aparatus. Complete protective clothing. SECTION 6: Accidental release measures 6.1. 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Only qualified personnel equipped with suitable protective equipment may intervene. No open flames, no sparks, and no smoking. Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling	Ensure good ventilation of the work station. Wear personal protective equipment. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Use only outdoors or in a well-ventilated area. Avoid breathing dust/fume/gas/mist/vapors/spray. Do not get in eyes, on skin, or on clothing.
Hygiene measures	: Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Wash contaminated clothing before reuse.
7.2. Conditions for safe storage, including	ng any incompatibilities
Storage conditions	: Store at 4 deg. C. Store locked up. Store in a well-ventilated place. Keep cool.

SECT	ION 8: Exposure controls/pers	onal protection
8.1.	Control parameters	
N-m	ethyl-N-vinyl acetamide (3195-78-6)	
No a	additional information available	
8.2.	Appropriate engineering controls	
Appro	priate engineering controls	: Ensure good ventilation of the work station.
Enviro	onmental exposure controls	: Avoid release to the environment.
8.3.	Individual protection measures/Pe	sonal protective equipment

Hand protection:

Protective gloves

Eye protection:

Safety glasses

Skin and body protection:

Wear suitable protective clothing

Respiratory protection:

In case of insufficient ventilation, wear suitable respiratory equipment. [In case of inadequate ventilation] wear respiratory protection.

Personal protective equipment symbol(s):

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Relative vapor density at 20°C	: no data
Relative density	: No data available
Molecular mass	: 99.15
Solubility	: No data available
Partition coefficient n-octanol/water (Log Pow)	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity			
10.1.	Reactivity		
The pro	oduct is non-reactive under normal conditions of use, storage and transport.		
10.2.	Chemical stability		

Stable under normal conditions.

10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7). Avoid contact with hot surfaces. Heat. No flames, no sparks. Eliminate all sources of ignition.

10.5. Incompatible materials

No additional information available

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: Toxicological informat	ion
11.1. Information on toxicological effects	
Acute toxicity (oral)	: Not classified
Acute toxicity (dermal)	: Harmful in contact with skin.
Acute toxicity (inhalation)	: Harmful if inhaled.
N-methyl-N-vinyl acetamide (3195-78-6)	
LD50 oral rat	2830 µl/kg microliters/kg
LD50 dermal rabbit	1410 µl/kg microliters/kg
ATE US (oral)	2830 mg/kg body weight
ATE US (dermal)	1410 mg/kg body weight
ATE US (gases)	4500 ppmV/4h
ATE US (vapors)	11 mg/l/4h
ATE US (dust, mist)	1.5 mg/l/4h
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
STOT-single exposure	: Not classified
STOT-repeated exposure	: Not classified

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Aspiration hazard	: Not classified
Viscosity, kinematic	: No data available
Symptoms/effects after skin contact	: Irritation.
Symptoms/effects after eye contact	: Mild eye irritation.
SECTION 12: Ecological informat	ion
12.1. Toxicity	
Ecology - general	: The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment.
2.2. Persistence and degradability	
lo additional information available	
2.3. Bioaccumulative potential	
lo additional information available	
2.4. Mobility in soil	
No additional information available	
2.5. Other adverse effects	
No additional information available	

SECTION 13: Disposal consider	rations
13.1. Disposal methods	
Waste treatment methods	: Dispose of contents/container in accordance with licensed collector's sorting instructions.
SECTION 14: Transport informa	ition
Department of Transportation (DOT)	
In accordance with DOT	
Transport document description	: UN1993 Flammable liquids, n.o.s., 3, III
UN-No.(DOT)	: UN1993
Proper Shipping Name (DOT)	: Flammable liquids, n.o.s.
Class (DOT)	: 3 - Class 3 - Flammable and combustible liquid 49 CFR 173.120
Packing group (DOT)	: III - Minor Danger
Hazard labels (DOT)	: 3 - Flammable liquid
	PLANMASE LIQUD

DOT Packaging Non Bulk (49 CFR 173.xxx)	
DOT Packaging Bulk (49 CFR 173.xxx)	

:	203
:	242

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

DOT Special Provisions (49 CFR 172.102)	 B1 - If the material has a flash point at or above 38 C (100 F) and below 93 C (200 F), then the bulk packaging requirements of 173.241 of this subchapter are applicable. If the material has a flash point of less than 38 C (100 F), then the bulk packaging requirements of 173.242 of this subchapter are applicable. B52 - Notwithstanding the provisions of 173.24b of this subchapter, non-reclosing pressure relief devices are authorized on DOT 57 portable tanks. IB3 - Authorized IBCs: Metal (31A, 31B and 31N); Rigid plastics (31H1 and 31H2); Composite (31HZ1 and 31HA2, 31HB2, 31HN2, 31HD2 and 31HH2). Additional Requirement: Only liquids with a vapor pressure less than or equal to 110 kPa at 50 C (1.1 bar at 122 F), or 130 kPa at 55 C (1.3 bar at 131 F) are authorized, except for UN2672 (also see Special Provision IP8 in Table 2 for UN2672). T4 - 2.65 178.274(d)(2) Normal
	materials, as defined in 178.275 of this subchapter, where the test pressure is 1.5 times the MAWP.
DOT Packaging Exceptions (49 CFR 173.xxx)	: 150
DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27)	: 60 L
DOT Quantity Limitations Cargo aircraft only (49 CFR 175.75)	: 220 L
DOT Vessel Stowage Location	: A - The material may be stowed "on deck" or "under deck" on a cargo vessel and on a passenger vessel.
Emergency Response Guide (ERG) Number	: 128
Other information	: No supplementary information available.
Transportation of Dangerous Goods	
Not applicable	
Transport by sea	
Transport document description (IMDG)	: UN 1993 FLAMMABLE LIQUID, N.O.S., 3, III
UN-No. (IMDG)	: 1993
Proper Shipping Name (IMDG)	: FLAMMABLE LIQUID, N.O.S.
Class (IMDG)	: 3 - Flammable liquids
Packing group (IMDG)	: III - substances presenting low danger
Limited quantities (IMDG)	: 5L
Air transport	
Transport document description (IATA)	: UN 1993 Flammable liquid, n.o.s., 3, III
UN-No. (IATA)	: 1993
Proper Shipping Name (IATA)	: Flammable liquid, n.o.s.
Class (IATA)	: 3 - Flammable Liquids
Packing group (IATA)	: III - Low danger
SECTION 15: Regulatory information	
15.1. US Federal regulations	
N-methyl-N-vinyl acetamide (3195-78-6)	

Listed on the United States TSCA (Toxic Substances Control Act) inventory

15.2. International regulations

CANADA

N-methyl-N-vinyl acetamide (3195-78-6)	
Listed on the Canadian NDSL (Non-Domestic Substances List)	

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

EU-Regulations

National regulations No additional information available

15.3. US State regulations

SECTION 16: Other information

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Hazard Rating	
Health	: 1 Slight Hazard - Irritation or minor reversible injury possible
Flammability	2 Moderate Hazard - Materials which must be moderately heated or exposed to high ambient temperatures before ignition will occur. Includes liquids having a flash point at or above 100 F but below 200 F. (Classes II IIIA)
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.
