

## PolyPress™ Tissue Embedding Tampers

← Long handle for easy gripping

Available in two sizes

PolyPress™ Tissue Embedding Tampers aid in the orientation of samples during embedding. There are three options: small, large and a combination pack.

### Features:

- Easy to clean and reduces build up
- Metal keeps paraffin from sticking to fingers
- 2 Convenient sizes: large - 15mm x 15mm & small - 10mm x 10mm
- No need for forceps
