Identified uses: Lab use

Supplier:
Polysciences Inc.
400 Valley Rd.
Warrington, PA 18976 USA
SDS Telephone #: 212-343-6484 Emergency only #: 215-378-4526

Section 2: Hazards Identification

Hazard Overview
Low hazard for usual industrial or commercial handling.

GHS Classification
Non- Hazardous

Signal Word: Non-Hazard

Hazard and Precautionary Statements

H000 Low hazard for normal industrial use
P302+P352 IF ON SKIN: Wash with plenty of soap and water.
P305B IF IN EYES: Separate eyelids with fingertips.
P313 Get medical advice/attention
P351 Rinse cautiously with water for several minutes.

NFPA Rating
Hazard Ratings:
These ratings are Polysciences’ Inc. own assessments of the properties of the material using the ANSI/NFPA 704 Standard. Additional information can be found by consulting in the NFPA published ratings lists (List 325 and List 49).

If no data is listed, the information is not available.

Note: items listed with a CASRN...number have no CAS# available

Section 4: First Aid Measures

Eyes: In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes.
Skin: In case of contact, immediately wash skin with copious amounts of water for at least 15 minutes.
Ingestion: Contact physician immediately.
Inhalation: Remove to fresh air if effects occur. Consult medical personnel.
Systemic: Human effects not established. No specific antidote. Treatment based on sound judgment of physician and the individual reactions of the patient.
Section 5: Fire Fighting Measures
Extinguishing Media: Not applicable
Special hazards arising from the substance or mixture: Suspended material is not flammable.
Advice for firefighters: Not applicable
Further Information: No data available

Section 6: Accidental Release Measures
Personal precautions, protective equipment and emergency procedures
Any information given below is considered to be in addition to internal guidelines for isolation of spill, containment of spill, removal of
ignition source from immediate area, and collection for disposal of spill by trained, properly protected clean up personnel. Wear vinyl
gloves, soak up spill in paper toweling, and rinse area with water. Put all generated waste into an approved container and dispose of as
waste. Observe all applicable federal, state, and local disposal laws.
Environmental Precautions: No special measures are indicated.
Methods and materials for containment and cleaning up: No special measures are indicated.
Reference to other sections: For disposal see section 13.

Section 7: Handling and Storage
Respiratory Protection: None normally needed. In cases where there is a likelihood of inhalation exposure to dried particles, wear
a NIOSH-approved dust respirator.
Conditions for safe storage, including any incompatibilities
Ventilation: Good room ventilation is adequate for most operations.
Respiratory Protection: None normally needed. In cases where there is a likelihood of inhalation exposure to dried particles, wear a

Section 8: Exposure Controls / Personal Protection
Control parameters
Respiratory Protection: None normally needed.
Wash / Hygienic Practices: Wash with soap and water when leaving work area and before eating, smoking, and using restroom
facilities.
Exposure Controls: None Indicated
The use of eye protection in the form of safety glasses with side shields and the use of skin protection for hands in the form of gloves
are considered minimum and non-discretionary in work places and laboratories. Any recommended personal protection equipment
or environmental equipment is to be considered as additional to safety glasses and gloves. Chemical-resistant gloves should be worn
whenever this material is handled. The glove material has to be impermeable and resistant to the product. Gloves should be removed
and replaced immediately if there is any indication of degradation or chemical breakthrough. Rinse and remove gloves immediately after
use. Wash hands with soap and water. All glove recommendations presume that the risk of exposure is through splash and not internal
immersion of the hands into the product. Since glove permeation data does not exist for this material, no recommendation for the
glove material can be given for the product. Permeation data must be obtained from the glove manufacturer to determine if the glove is
suitable for the task.

Section 9: Physical and Chemical Properties
Formula: No data Formula weight: No data
Boiling Point: 100°C / 212°F Melting Point: No data
Density (particles): ~1.05 g/cc - 1.19 g/cc Solubility: dispersible in water
Vapor Pressure: No data Vapor Density: No data
Specific Gravity: No data ph: No data
Appearance: white or colorless liquid suspension; faint or non-detectable odor

Section 10: Stability and Reactivity
Reactivity: No data available
Chemical Stability: Stable under recommended storage conditions
Possibility of hazardous reactions: No data available
Conditions to avoid: Product may irreversibly aggregate if frozen.
Incompatible materials: No dangerous reaction known under conditions of normal use.

Section 11: Toxicological Information
Information on toxicological effects: To the best of our knowledge, the chemical, physical, and toxic properties of this product have not
been thoroughly investigated.

Section 12: Ecological Information
No Data

Section 13: Disposal Considerations
Waste treatment methods: The following chart lists the status of the chemical and its components in reference to 40 CFR Part 261.33.
If the product is listed by code number, the substance may be subject to special federal and state disposal regulations. If no codes are
listed, the material must be disposed of in compliance with all Federal, State, and Local Regulations.

**Section 14: Transportation Data**

DOT - Not dangerous goods  
IMDG - Not dangerous goods  
IATA - Not dangerous goods

**Section 15: Regulatory Information**

All components of this product are on the TSCA public inventory.

Prop 65: Column A identifies those items which are known to the State of California to cause cancer. Column B identifies those which are known to the State of California to cause reproductive toxicity.
