Section 1: Chemical Product and Company Identification

Cat#: 24808
Part Name: POLY(N-VINYL ACETAMIDE)-LINEAR HOMOPOLYMER
Supplier: Polysciences, Inc.
400 Valley Road
Warrington, PA 18976 USA
MSDS Telephone #215-343-6484 Emergency only #215-378-4526

Identified uses: Laboratory use, manufacture of substances

Section 2: Hazards Identification

Hazard Overview
May cause respiratory tract irritation.

GHS Classification
Acute Toxicity Inhalation Category 5

Signal word: Warning

Hazard and Precautionary Statements
H335 May cause respiratory irritation.
P280 Wear protective gloves/protective clothing/eye protection/face protection.
P280A Wear protective gloves
P340 Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P351 Rinse cautiously with water for several minutes.

NFPA Rating
Hazard Ratings:
These ratings are Polysciences’ Inc. ownassessments of the properties of the material using the ANSI/NFPA 704 Standard.
Additional information can be found by consulting in the NFPA published ratings lists (List 325 and List 49).
If no data is listed the information is not available.

Health Flammability Reactivity
0 1 0

Section 3: Composition/Information on Ingredients

Note: Items listed with a CASRN... number have no CAS# available.

Item# Name CAS# % in product
1 N-vinylacetamide, homopolymer Unknown 0028408653 95-100

Section 4: First Aid Measures

Flush eyes with flowing water for at least 15 minutes.
Remove to fresh air.

Section 5: Fire Fighting Measures

Flash point, deg F.: no data Method: no data
UEL: no data LEL: no data Autoignition temperature, deg. F.: no data
Flammability Classification: no data Flame Propagation Rate: no data
Hazardous Combustion Products: no data

Section 6: Accidental Release Measures

Any information listed below is to be considered in addition to internal guidelines for isolation of spill, containment of spill, removal of ignition sources from immediate area, and collection for disposal of spill by trained, properly protected clean up personnel.
Sweep up solids.

Section 7: Handling and Storage
Section 8: Exposure Controls/ Personal Protection

OSHA (ACGIH) Exposure Limits

The use of eye protection in the form of safety glasses with side shields and the use of skin protection for hands in the form of gloves are considered minimum and non-discretionary in work places and laboratories. Any recommended personal protection equipment or environmental equipment is to be considered as additional to safety glasses and gloves.

Use chemical splash goggles and face shield.

Use latex or equivalent gloves.

Chemical-resistant gloves should be worn whenever this material is handled. The glove material has to be impermeable and resistant to the product. Gloves should be removed and replaced immediately if there is any indication of degradation or chemical breakthrough. Rinse and remove gloves immediately after use. Wash hands with soap and water. All glove recommendations presume that the risk of exposure is through splash and not intentional immersion of the hands into the product.

Since glove permeation data does not exist for this material, no recommendation for the glove material can be given for the product. Permeation data must be obtained from the glove manufacturer to determine if the glove is suitable for the task.

Section 9: Physical and Chemical Properties

- Formula: \((C_4H_7NO)n\)
- Formula Weight: no data
- Boiling point: no data
- Melting point: no data
- Solubility: swells in water
- Appearance: off white solid
- Specific gravity: 1.18
- PH: no data
- Vapor pressure: no data
- Vapor density: no data

Section 10: Stability and Reactivity

- Chemical Stability: stable
- Conditions to Avoid: no data
- Incompatibility with other materials: strong oxidizers
- Hazardous Decomposition Products: oxides of carbon
- Hazardous Polymerization: will not occur

Section 11: Toxicological Information

- Acute Data: LD50 oral rat >2000 mg/kg
- Subchronic data: no data

Section 12: Ecological Information

no data

Section 13: Disposal Considerations

The following chart lists the status of the chemical and its components in reference to 40 CFR Part 261.33. If the product is listed by code number the substance may be subject to special federal and state disposal regulations. If no codes are listed the material must be disposed in compliance with all Federal, State and Local Regulations.

Section 14: Transportation Data

- Proper Shipping Name: NOT REGULATED
- Chemical Name: UN
- Class: PG
Section 15: Regulatory Information

All components of this product are on the TSCA public inventory.

SARA Toxic Release Chemicals (as defined in Section 313 of SARA Title III)
This list identifies the toxic chemicals, including their de minimis concentrations for which reporting is required under Section 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA). The list is also referred to as the Toxics Release Inventory (TRI) List.

SARA Extremely Hazardous Substances and TPQs
This list includes hazardous chemicals as defined in 29 CFR 1910.1200(c); and extremely hazardous substances regulated under Section 302 of SARA Title III with their TPQs (in pounds), as listed in 40 CFR 355, Appendices A and B.

CERCLA
The hazardous substances, and their reportable quantities (RQs) are listed in the federal regulations at 40 CFR Part 302, Table 302.4. Release of a CERCLA hazardous substance in an amount equal to or greater than its RQ, in any 24-hour period, must be reported to the National Response Center at (800) 424-8802.
